'The Boat Guy' joins the team at Wyndham Harbour

An award-winning bestselling author of *Honey, let's buy a BOAT!* and author of *Honey, let's go BOATING! (launched in October 2014)*, Darren Finkelstein has recently joined the team at Wyndham Harbour, Werribee's new marina community, as an ambassador for the motor boating community in this landmark project.

Commonly referred to as 'The Boat Guy', Darren knows about motor boats. In 2002 he founded St Kilda Boat Sales and Service Centre where his team serviced, repaired, re-fuelled and washed over 300 boats per year. Darren is now bringing his extensive knowledge of all things boating to Wyndham Harbour.

Today, Darren is an industry accredited boat dealer/broker, an active blogger as well as a writer and keynote speaker. Darren can also be heard over summer on radio 3AW doing his informative Beach N' Bay reports.

For anyone looking for advice about buying, selling and maintaining a boat, Darren is the definitely the (boat) guy to speak to.

As such, Wyndham Harbour are very pleased to be hosting weekly 'Coffee with The Boat Guy' sessions where residents and visitors can take a tour of the site and learn more about the world of motor boating, what type of boats would best suit their lifestyle, and further details about the Wyndham Harbour Marina.

"I'm thrilled to be part of the Wyndham Harbour team and am looking forward to speaking with residents and visitors about this exciting project and all other things boating." Says Darren.

"Scheduled to open in the summer of 2015/2016, the marina will be a world class facility, ideally located in the middle of the bay, so I anticipate there will be a lot of interest from boating enthusiasts in the area."

'Coffee with the Boat Guy' Sessions will be held each Wednesday at 12pm, 2pm and 4pm, and on Sunday's at 2pm and 4pm. Tours will be meeting in the Wyndham Harbour Sales Suite.
